# INTERNATIONAL ENERGY EFFICIENCY CONFERENCE

Dear Conference guests,

The Ministry of Spatial Planning, Construction and Ecology of Republic of Srpska in cooperation with the Fund for Environmental Protection and Energy Efficiency of Republic of Srpska and partner organisations is organising the

## VI International Energy Efficiency Conference

that will be held on **9th November 2023** in Hotel „Courtyard by Marriott“, Banja Luka.

The goal of the Conference is experience exchange, presentation of good practice examples and opening discussion on the following steps necessary to be undertaken for the purpose of improvement of energy efficiency, as well as meeting decarbonisation goals.

The representatives of competent public authorities from Bosnia and Herzegovina and the region will participate at the Conference, as well as eminent experts in this field.

It is our pleasure to invite you to attend the Conference and by your presence thus contribute to the development of the energy efficiency sector in Republic of Srpska.

Please confirm your participation and register at the Conference visiting the website **[www.beep.rs.ba](http://www.beep.rs.ba)** directly, and any additional information can be obtained by telephone at the number +387 (0)51 965 705. Please note that the detailed Conference programme will be provided in due time.

We are truly looking forward to seeing you at the Conference.

Sincerely,

MINISTER  
Bojan Vipotnik
